Product Designer | UI/UX Designer | Web3 Product Designer

Bangalore, India | +91 63694 37404 | anandhan6369437404@gmail.com

ABOUT ME

Product Designer with 3 years of experience creating digital products across Web3, AI, SaaS, VPN, FinTech, and E-commerce. Experienced in UI/UX design, user flows, wireframing, prototyping, design systems, responsive interfaces, and developer handoff. Designed experiences across web, mobile, browser extensions, and enterprise platforms while collaborating with product and engineering teams.

EXPERIENCE

Block Stack PVT. LTD.

Product Designer

September 2023 - Present

- **DIAM Wallet:** Designed onboarding, staking, token transfers, dApp connectivity, and account management for a Web3 wallet, creating simple user flows, prototypes, and responsive UI for secure interactions.
- **DIAM Games:** Designed DIAM Rush, Flappy Bird, Memory Match, and Gravity Ball for Telegram, creating game interfaces, rewards, referrals, leaderboards, and engaging user experiences.
- **SHINELANE:** Designed e-commerce storefronts, CRM dashboards, and admin panels for business operations, creating responsive layouts and user flows for simple product and customer management.
- **QVPN:** Designed VPN experiences across web, mobile, and TV, including login, onboarding, dashboards, and navigation, creating responsive UI and prototypes for a consistent cross-platform experience.
- **AI Marketplace:** Designed AI Agent discovery, subscription, pricing, and management experiences, creating user flows, wireframes, and high-fidelity UI for a simple marketplace journey.
- **DIAM Moon:** Designed Web3 experiences for rewards, referrals, user participation, and platform activities, creating simple user flows and responsive UI with consistent product interactions.
- **HRMS:** Designed an HR management platform for employee tasks and workflows, creating clear navigation, user flows, and responsive UI to simplify everyday HR activities.

SKILLS

- **Design Skills:** Figma, Framer, Adobe XD, Sketch, Photoshop, Illustrator, Canva, Product Design, UI Design, UX Design, Interaction Design, Visual Design
- **UX & Product Skills:** User Research, Usability Testing, Information Architecture, User Flows, Wireframing, Prototyping, Design Systems, Responsive Design, Accessibility, Developer Handoff
- **AI & Collaboration:** ChatGPT, Claude, Gemini, Perplexity AI, Midjourney, Adobe Firefly, Figma AI, Uizard, FigJam, Miro, Zeplin, Jira, Notion
